SUE AND I WILL NEED MORE INSTRUCTION SOMETIME ON HOW TO PROPERLY SET UP THE CONFIGURATION PRO2RAM FOR FLDIGI AND HOW TO DO THE VIDEO ID.

I noticed that Brent's ID is vertical and yours is horizontal. K W7CBR de AG7GK roger, yes, it looks like you have a pretty good setup, came through perfectly. I will send out an email on how to set the macro for the video ID. Very simple. I also built a tutorial on setting up a n android connection. if you use an android phone or tablet.

Hedit seemed to try again but I only got static, no audio seemed to come through.
